

## LIST & LABEL

Your versatile reporting solution

### Your benefits

- ✓ More transparency thanks to visual data preparation
- ✓ All OMNITRACKER data presented simply in reports
- ✓ Push-button output or automated reports
- ✓ Report designer integrated directly into OMNITRACKER Admin Client—without separate installation
- ✓ Report execution in every OMNITRACKER client
- ✓ Centralized administration of reusable elements (logos, headers, footers, etc.)

### High-performance integrated solution for insightful reports

List & Label is a centralized reporting solution for various reporting, printing and export functions that is directly integrated into OMNITRACKER, allowing any administrator to create, edit and share reports with different users for report execution.

The tool from the German manufacturer combit Software GmbH provides impressive features such as the fast creation of reports, flexible interactive elements, sorting functions, interactive drill-downs and much more. Individually created report modules can be changed easily and globally, which significantly reduces the effort required for maintenance and new creation, as templates, logos, footers, headers etc. are maintained in a central location within OMNITRACKER. Changes to existing reports can therefore be easily and consistently updated and rolled out.

## Features of List & Label

Integrated report designer

Report execution in all clients

Various native bar & QR codes

Numerous export formats

Wide range of data visualizations

Automated report generation

## About OMNINET

OMNINET, headquartered in Eckental near Nuremberg and with international branches, specializes in ITIL®4-certified ITSM & ESM software with a focus on modelable workflows and process automation with AI. Interfaces, BI reporting, compliance solutions and other modular applications extend the functional scope of the all-in-one solution OMNITRACKER.

OMNINET is certified according to ISO standards and has been providing certified and award-winning software products for over 30 years—100% made in Germany. The flexible OMNITRACKER low-code platform is the industry-independent software solution for individual digitalization strategies.

## What you can expect

Our purpose is to empower your business with high-quality software solutions. With us, you succeed in a rapidly evolving digital landscape and enhance your growth potentials.

### Results-driven consulting

To reach your goals, our consultants help you identify your needs and develop tailored strategies, from technology selection to architecture design.

### Versatile project management

With a focus on agile methodologies, we ensure your projects are delivered smoothly, on time, within budget, as well as with exceptional quality.

### Practical training

We empower your team with skills to make the most of our software solutions. Our trainings cover best practices, tool utilization, and agile development.

**Together, we create software that drives growth and innovation, helping your business stay competitive and future-ready.**
